## INUP i2i Hands-on Training (10-20 October, 2022)

CeNSE, IISc, Bengaluru invites applications for “INUP-i2i Hands-on Training on Nanofabrication and Characterization Techniques”. Selected participants will have an opportunity to learn various fabrication processes and get trained on state-of-the-art tools required for nanofabrication and characterization of nanoscale devices. The two weeks program at CeNSE, IISc is funded by Ministry of Electronics and Information Technology, Government of India.

**Selection Criteria:** Young faculty members and scholars registered for PhD with research interest on nanoelectronics and related areas will be given the highest priority for selection.

### How to Apply:

Interested candidates should register and apply at the following portals :

[http://www.inup-i2i.in/inup\\_wrapper/login.php](http://www.inup-i2i.in/inup_wrapper/login.php)

<https://www.inup.cense.iisc.ac.in/login>

\*It is mandatory to apply on both the portals.

### Deadline:

30 September 2022
